### Opportunities, Experiences and Location of the Teaching Center

#### Scientific Research Opportunities Available:

On site research centre working on basic science of OA, joint repair and preservation and spinal injuries

#### Describe your participation in past ICRS educational, hosting or society events

Prior to Professor Richardson's untimely passing we were involved with the ICRS events and hosted a cartilage symposium every two to 3 years. There is a desire within the team to rekindle this

#### Can your center provide free or reduced-cost accommodation through your institute?

no

#### Recommmend affordable accomodation near the institute:

Lion Quays Hotel (1 mile from hospital)

#### Nearest Airport to your institution is

Manchester/Liverpool/Birmingham

#### Any other important information thath you would like to add

One of the few dedicated Orthopaedic Hospitals in the UK and the only Uk site with its own ACI cell lab. The joint preservation and cartilage repair unit was developed by the late Professor James Richardson and has a 20 yr + history of ACI and joint preservation.
