Please provide a general description of your program:

MSK Doctors fellowship programme provide exposure to Regeneration medicine as well as orthopaedic and sports surgery. This will particularly be of interest to candidates considering to subspecialised in regenerative and sports surgery around the knee. This programme will help the candidate to gain experience in HA, PRP, Fat cells, mi-eye and USS guided injections. Beside routine exposure to ACL, MPFL, HTO, meniscus and TKR, we offer a chance for the candidate to learn single-stage autologous Chondrocyte implantation (STACi).

Training/Techniques are available

- Osteotomies
- Non Operative Interventions (including Visco-supplementation)
- PRP
- Fourth generation ACI
- Knee Procedures
